#### Part B

#### **CRITERION I – CURRICULAR ASPECTS**

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

1.1.1 -The College has consistently moved from one glorious year to other nurturing and contributing useful human resources, with right attitude and responsibility. Established in 2009, the college is pursuing its quest for excellence in higher education. The mission of the institution is to cater quality education to the downtrodden students in our area and impart sound principles of commerce, finance and science in order to make them employable. We also give stress on overall development of student's personality, so that they can work both as leaders and team members beyond the university walls. As an affiliated college, the college follows the curriculum and syllabi prescribed by the University of Mumbai. However, the college offers a variety of optional subjects to the students in order to bring out the hidden potentials and ensure diversity and flexibility in student's life. The college tries to develop and modify the curricular aspects as per the need of the current job scenario so that the students on completion of their graduation/post-graduation would be able to face the challenges of the outside the college campus. The vision, mission and objectives of the College revolves around the core values needed in developing the student's personality holistically. This will help the students to meet the demands of local and national demands. In today's dynamic, borderless world, the ingredients

required for success are positive attitude, quest for excellence and respect for humanity. The students, faculty and every other functionary believe that "we are one - one nation, one community and one family". The admission process bears testimony to this underlying philosophy, which ensures equality and fairness. The environment in the college is freedom from inequality, discrimination and emotional weakness and low self-esteem. Empowering all section of the society is the basic objective of the institution. Nurturing Intellect and Creating Personalities has become our motto. The IQAC of the college has been proactive in the exercise of nurturing intellect and creating personalities. It has taken this task with missionary zeal and has been conducting activities in the college to accomplish the same. 'Knowledge mobility' is possible only when the mindset and wavelength of knowledgeproviders and knowledge-seekers meet. In college, the bridge is laid between knowledge providers and seekers in such a way that the flow of knowledge is uninterrupted, smooth and all pervasive. In other words, the all-important task of knowledge sharing is well orchestrated amongst the stakeholders. The college encourages knowledge in all forms, namely. Performing Arts, Fine Arts, Sports, and Computer Literacy along with Academics.

# 1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

#### Feedback Obtained

The Institute has developed a well organized feedback system to monitor and evaluate the quality of teaching and learning. • The Online feedback through Google forms has been collected thrice in a semester from the students for all the subjects by the concerned Head of Department and in order to maintain secrecy the name of the students is not disclosed. About 75 students who are having attendance more than 75, participate in the feedback process. A standard

feedback questionnaire based on metrics like Subject knowledge, Teaching skill, Punctuality, Command over language is designed by the institute. • Percentage performance of each faculty member is calculated on the basis of levels he /she have obtained for the different feedback items. All the comments written by the students in the feedback forms are communicated to the respective faculty members along with their feedback levels to know their strengths and weaknesses and to enhance their teaching skills. • The faculty members having highest feedback score are appreciated and note is given for corrective action to the faculty members having feedback score below 75. •Online feedback system is available through college website. Students can also give feedback through the suggestion box available in the department. • The feedback is collected from the alumni, parents and resource persons on the facilities available in the department/Institute. Students can also give feedback on facilities in the department through the suggestion box available in the department. All the factors mentioned in the feedback form are analysed and corrective actions are taken accordingly. Feedback Analysis: Feedbacks from different stakeholders are discussed in the departmental/institute level meeting and corrective actions are taken

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

2.3.2 Students mentoring system available in the institution? Give details. (maximum 500 words) Our college has a tutorial system where teachers act as academic mentors. Student counsellors are made by the Student Council from the students only who try to meet every student of the college and offers counselling to those seeking personal help. They also enable academic mentoring. Sometimes help is required from both the college teachers and the College counsellor by parents, depending upon the gravity of the need. In our college, mentoring system has been introduced from 2019-2020, for creating a healthier and effective relationship between student and teacher. This system always monitors, counsel and guide students in educational and personal life. All teachers act as mentors for students assigned to them. The purpose of student mentorship is – 1. To boost teacher -student relationship. 2. To improve student's academic accomplishment and turnout in college. 3. To diminish student's dropout ratio. 4. To scrutinize the student's consistency and discipline. 5. To empower the parents to know about the performance of their child. The IQAC had taken the program of employing the mentoring of students as a pilot project. Students' groups are created based on the course of studies and according to their subjects. They are divided into groups of 20-25 students. Mentors retain and update the mentoring structure after collecting all essential information. Mentors are anticipated to help and counsel as and when they needed. It is the tradition of mentors to connect with students individually or in groups. In special cases, guardians are called for counselling and exclusive meeting is organised with the principal at the recommendation of the mentor. If a student is found having weakness in a specific subject, it is responsibility of the mentor to acquaint the concerned subject teacher and seek their help. At least 3 to 4 meeting are organized by mentors for their mentee in each semester. Though, the system has only been implemented in the this year, substantial progress is seen in the teacher - student relationship. This system has been beneficial in recognizing slow and advanced learner and after judicious assessment of each mentors report, the college has planned 'Remedial Classes' in identified topics. Departmental heads meet all mentors of his/her department at least once in a month to evaluate the implementation of the system and also assist the mentors wherever necessary. Type of mentoring performed in our college are 1. Professional Support - Regarding establishing professional goals, selection of career and higher education. 2. Career Developments - Regarding self-employment, entrepreneurship development, opportunities, morale, honesty, integrity required for career growth. 3. Assignments Specific – about attendance and performance in current semester and overall performance in the previous semester. 4. Lab Specific -Regarding Do's and Dont's in the lab. Effects of the system a) The percentage of students footfall in the college has increased. b) The number of failures has decreased constantly. c) Due to direct interaction between mentor and the student, there was decent progress in student-teacher relationship.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level The college is affiliated to Mumbai University and follows the Examination pattern of the university. This year two Internal tests will be conducted and best out of two will be considered for internal marking of 20 marks. The schedules of internal evaluations are conveyed to students and faculty at the commencement of semester through academic calendar which is in accordance with the university academic calendar. The college has restructured the continuous internal evaluation system from faculty centric to student centric. As per the new regulations of the college exam cell, the following effective methods were used in conducting CIE: •Prior Planning of Internal Examination, Seating arrangements, hall invigilators listed for every examination. • Preparing the question paper for the internal examination in the prescribed pattern based. • Scrutiny of the prepared question paper by HoD/ Subject expert to confirm its quality. . Observing student's attendance for the Examination. • Internal Assessment must be carried out within the specific time. • After completion of the internal examination, the faculties assess the answer scripts and discuss the doubts with students.. • Result review discussions are organized with result analysis and the remedial actions for enhancements by faculty, HoD and Principal. For laboratory sessions, student is assessed through viva questions and observations. Evaluation for project course is assessed by conducting periodical project reviews covering key parameters like problem formulations , understanding of the project, presentation skills, communication of ideas , technical knowledge , team work and project management. The project review committee organizes review meetings to assess the progress of all batches. Marks of the students in Internal Assessment is used by Faculties to identify slow and advanced learners in their respective subjects.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

Under section 40 (3) of the Maharashtra Universities act, 1994, this Students council is established every year in the institute and it performs various duties for the development of students and college. Shri Ram college of commerce has a student council consists of nominated members from Second Year and Third year existing student strength. Student council is formed to provide a platform to the students' community to participate in the administration as well as the academic and cultural activities of the institution. A class representative from each class will be nominated as a member of the Student Council. The student members elect General Secretary, Cultural Secretary, Sports Secretary, Girls representative for a term of one year. The Student Council aims at the all-round development of students and organizes several academic, co-curricular, and extracurricular events throughout the year in association with the University and other organizations. Meetings of the Student Council are conducted at least once in each term with Student's Welfare Officer, discipline, and anti-ragging committee. Shri Ram Students' Council had completed 5 years of not only just existence, but also of excellence. Students' Council always volunteers to help the college authorities in conducting the First year admission processes smoothly. The council members notify the college authorities as well as the faculties about the various difficulties that they face in day to day activities. They also put forth different types of solutions to the problems that the concerned authorities can refer to and redress the problems of the students. The council members also makes an effort to take up various initiatives for the development of the student's career, personality and organizational skills of the students through co curricular and extracurricular activities, workshops, seminars and conferences in the college. The Council also forms an anti-ragging squad in the college on the lines of guidelines laid down by the university and UGC. The Council promotes antiragging squad by putting up posters at various places in the campus and also displays name and mobile number of the persons to be contacted in case of ragging faced by the students in the campus. Moreover in order to create a pool of talented artists who will represent the college in various Inter College Festivals various Intra college competitions were organised in the college in the month of July 2019. As per the tradition, the students council makes elaborate arrangement for Independence Day celebration on 15th August. The flag hoisting is generally followed by the prize distribution ceremony. The students council had also started a new initiative for conducting vocational and career guidance sessions for students. It provides emotional support, teaching various skills to cope up with situations and provide guidance to all students and support to faculties on campus. The centre with its 'open door' policy encourages students to walk in and to share their problems, seek assistance in dealing with any difficulties they might be facing. The NSS unit along with the

Students council have always been for the social development also.

#### CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 – Institutional Vision and Leadership

- 6.1.1 Mention two practices of decentralization and participative management during the last year (maximum 500 words)
  - i) In college, we had formed a number of committees which looked into various academic and co-curricular activities for the benefit of the students. Each committee functions under a coordinator who along with other coordinators form the core committee and are empowered to take decisions and undertake activities for their respective committees. Moreover as there are different departments and each of the departments function independently under its own Head of Department. These departments conduct feedback drives on a regular bases from students and faculties about methods and modes of improvement and the different types of problems/ issues faced by them in conducting the program smoothly. All of these are then discussed initially among the coordinators and then intimated to the IQAC CORE team which in turn reports the matter to Principal in order to get it resolved permanently. As the IQAC committee of the college has independent external members from different sections of the society so they provide useful feedback and suggestions for the development of the college which are then implemented. ii) The college has a participative management style as it emphasizes the inclusivity of all stake holders in the functioning of the college. All major decisions are taken by sharing of information and ideas in meetings attended by stake holders. As we are following the concept of decentralization of committees, so funds are also accordingly allocated to them for their events on a yearly bases. The finalization of examination dates are as per the guidelines issued by the University of Mumbai. Holding of the Annual cultural festival- AYODHYAM, its theme for the year, different inter and intra events to be held in the college, Organising of Sports meet are done only after discussions with faculties and student representatives. The Academic calendar is formulated keeping in mind the plans, concerns and suggestions of different departments that were collected cumulatively from feedback taken previous year . The process of organizing the Admission process is decentralized and is managed by faculty and student volunteers. Meetings are held periodically with all stake holders to share information and seek creative solutions and ideas
  - from them. Seminars and workshops are conducting on a regular bases for students for providing additional information in different educational programs that lead to the acquisition of knowledge and skills necessary to achieve

information literacy, career advancement, personal enrichment, leadership and service to the community. Our college provides Student self-assessment which involves:-identify their own potentials, understanding their skill gaps and the areas where their knowledge is weak. By doing so, we provide the students with additional help in improving their personality and enhance their career.

6.1.2 – Does the institution have a Management Information System (MIS)?

**Partial** 

#### 6.2 - Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

| Strategy Type                        | Details   |
|--------------------------------------|---|
| Admission of Students                | The admissions of students were conducted offline. The regular system of admissions was also carried out. Online admission system was enabled on the College website and students registrations for admission was conducted smoothly. The admissions lists were all displayed on the College notice board and the entire admission process was streamlined. The earnest endeavour of the College is to ensure admission to all deserving and meritorious students and to implement this. In addition to this, the College announces its admission process in the College website. To ensure transparency in the admission process the College has made it mandatory for applications to be filed both through online and offline methods . Admission is based only on merit. The college follows the directives of University of Mumbai and Govt. of Maharashtra. |
| Industry Interaction / Collaboration | Students from different departments visit industry andresearch institutes as a part of their project work. The Placement Cell of the college actively collaborates with industry so as to carry out placement drives in the college. Several reputed companies visit the college to recruit students from Commerce, Information Technology and Computer Sciences streams. Apart from these, the College is well associated with companies and organisations who collaborate with different departments to conduct meaningful lecture series and conferences. Many industry leaders are invited to the college as Resource Persons and they interact with students and share their experience.   |
| Human Resource Management            | a) Students: Foundation is made at the UG and PG level to give exposure in  |

Cultural, Entrepreneurship (through Kaleidoscope), Writing skill, Public speaking, Sports, Seminar defense along with Academics. b) Teachers : Faculty members are involved in academic work as well as in different Committee works. Various responsibilities are coordinated with academic activities and do not compromise the latter. The IQAC committee of the college conducts a number of training programmes for teachers as well as nonteaching staff throughout the year. Teacher recruitment is also conducted as per and when required. Even if the University does not grant approved posts to the college, qualified teachers are recruited on contractual appointments to ensure that lectures are conducted smoothly.

# Library, ICT and Physical Infrastructure / Instrumentation

The following Library, ICT and infrastructural facilities are available in our College during college hours and in some cases beyond college hours: • The library uses various ICT tools photocopiers, scanners, printers etc to help students. The library also has Wi-Fi connection. Some old and valuable books have been digitized. Ejournals and e books can be availed by this programme. • OPEN source Library Software 'KOHA' has been introduced. Presently 'KOHA', the open source software compatible with Z39.50 , has been installed in our library for automation. The Library altered and extended its working hours from 8.30 AM to 5.30 PM to offer better library access to students and teachers of the College. Every year the college infrastructure is renovated and the needs are addressed. A Fire Riser System was installed in the College. Furniture of the college was also refurbished. A number of new books and online resources were added to the library. Up gradation of laboratories and computers were frequently done

#### Research and Development

Following are the measures taken by
the institution to inculcate an
environment of research activities in
the campus: Faculties are encouraged to
attend conferences, seminars and
workshops by supporting them
financially for the purpose. Faculties
are encouraged to present papers or
submit research papers in journals by

supporting them financially for the purpose. Faculties are given ON-DUTY LEAVE for presenting papers, attending workshops, seminars or conferences, etc Other facilities: • 24 hrs. internet facility • Well equipped computer laboratories • Enriched Computerized library with modern books and journals of various fields. Each department with huge instrumentation facilities. • Regular visits and interaction with other research facilities, industrial institutions, excursions and field work. Examination and Evaluation Under the University of Mumbai, a completely new online evaluation system called On Screen Marking (OSM) was started at the final year level. The institute had made a dedicated centre for OSM and all its teachers have evaluated their own subject papers and their allocated number of papers in their dedicated computer laboratory. For the first and second year level, the College had developed a central assessment unit. Both these years examinations are conducted in the college level as per the guidelines from the university of Mumbai However, flexibility is given to teachers for evaluation. The Examination Committee of the college ensures smooth conduct of all examinations. The results are also prepared by the college which ensures timely publication of results. Examination portal developed by University of Calcutta has been utilized by our college to upload the marks of university examinations. Teaching and Learning Different Teaching and Learning methods have been adopted as described in the following: a) Teaching aids: 1) White board, chalk and marker 2) Overhead and LCD Projector 3) Computer with Internet facility 4) Smart Board. 5) Audio -visual aids e.g. DVDs and CDs. 6) various types of models in commerce b) Assessment : UG - 1. Monthly Test 2. Midterm Examination 3. PG -inter Semester Examination 4.Dissertation Evaluation 5.Viva Voce 6.Interactive Session 7.Project Presentation Lecture 8.Seminar defence c) Remedial/Tutorial classes: 1.Remedial classes for financially and academically weak students 2. | 6.2.2 - Implementation of e-governance in areas of opera | ations:   |

6.2.2 – Implementation of e-governance in areas of operations:

| E-governace area         | Details  |
|--------------------------|--|
| Planning and Development | There is an Academic Planning Board that meets in the beginning of each term and prepares the academic calendar of each department for each semester as per the guidelines laid. This is then put up on the College website and notice board for all to see and plan |

|                               | accordingly. Academic calendar is prepared at the beginning of each semester with the inputs of all heads of departments and IQAC committee members. LAN IS installed in the College during 2018-19 is providing an efficient, high speed, campus wide intranet with secure internet accessibility. Development of a well organized database management system to manage the database of the department is an e-governance initiative taken by various departments of the college.  |
|-------------------------------|---|
| Administration                | The College administration functions by instituting several committees which maintains all e-copies of their activities. Office has requisite software like Tally, Fee software, etc which makes it easier for documenting students fees, salaries, budget etc. Old documents and photographs are being scanned store to build a repository of all documents. Proper systematic documentation of the same is required periodically. We have to prepare and provide similar information multiple times and it is a repetitive effort and wastage of institute effort time. |
| Finance and Accounts          | All finances, accounts and other financial details are maintained using software programmes such as MS Excel, Tally, MS Word,. The use of unrestrained and free internet services aids e- governance.   |
| Student Admission and Support | Students' admission and registration is made online in the College computer lab. The Merit Lists are also displayed on the College website and notice board. Academic calendar, course structure, syllabi, students' facilities, etc. are all displayed on the college website and are updated regularly. A fully automated and exhaustive student profile is maintained to meet any eventuality. Different whats app groups were prepared as per year and course in order to pass any message, notice, etc.  |
| Examination                   | The examination circulars, exam ordinances and exam timetables are all displayed on the college website and notice board. Students are informed about the exams schedule also through social media like whatsapp and messages.  |

#### 7.1.2 - Environmental Consciousness and Sustainability/Alternate Energy initiatives such as:

#### Percentage of power requirement of the University met by the renewable energy sources

The college has been taking initiatives and deep interest towards environment consciousness and sustainability by reinforcing the best practices of it. The College has adopted environment friendly practices and takes necessary action such as - energy conservation use of renewable energy. In keeping with our mission statement, the college has worked relentlessly and consistently in cultivating the best practices invoking environmental consciousness among

students, teachers and nonteaching staff. The college has constituted Green Campus Coordination Committee to work on different aspect of Environmental Consciousness and Sustainability. The college has initiated the Energy Conservation Programme by replacing tungsten bulbs and incandescent tubes with LED bulbs and tubes. As an alternative energy initiative, college had submitted a proposal to install 45 solar panels on roof top of college building of capacity of 100 kW. The energy requirement of the campus was reduced and we have been able to save approximately Rs. 10000/ every month in electricity bill. The college has well made class rooms with sufficient ventilation and light so the use of electricity can be reduced. At every electricity board in the college the template 'Save Electricity' has been displayed which aware the faculty and learners for minimum use of electricity. Faculty, staff and learners are sensitized and motivated for minimum use of electricity. In every class room ,template switch off fans and lights when not in use are displayed on the class room doors. The college also takes profound interest in organization of Environmental Consciousness and Sustainability Awareness campaigns by different departments and committees. Green Campus coordination committee of the college create awareness regarding environmental conservation. Tree plantation, cleanliness campaigns are organized by the college.

#### 7.2 - Best Practices

#### 7.2.1 - Describe at least two institutional best practices

Promotion of Research Culture amongst students and teachers: The college participates in 'Avishkar' Research Convention organized by university of Mumbai every year. The college has set following aims and objectives for this innovative activity. • To open new channels of scholarly research between faculty and students. • To produce a research scholar commensurate to the need of the future. • To promote the interaction among the students for the exchange

of various aspects of research by organizing collegiate and intercollegiate research activities. • To encourage the students to participate in research activities at intercollegiate, district, zonal, university, state, national and international levels. • Most of students in the college are from vernacular medium so, it is necessary to develop communication skill and presentation skill among them. • It is essential to teach basic concepts of research methodology and its varied applications among the UG and PG students. • It is challenging to motivate the students to carry out application based research projects. The Practice Measures The college has constituted Avishkar Research Association among the students for effective implementation of this best practice. The Avishkar Research Association takes various measures throughout the year. The measures are carried out holistically with systematic and objective manner. • They are provided with all the amenities, equipment's, ICT gadgets and infrastructure and learning resources to facilitate effective formulation of their projects. 2. The college had arranged for Management aptitude test based on the lines of management entrance examinations like CAT, CET, CMAT, SNAP, NMAT etc. It is a flagship event of the college, with a GREEN INITIATIVE by goingpaperless. The tests, results were online this, making it our contribution to Green Environment. This practice is co-sponsored by Institute of Tax Accountant . A treasure hunt was also organised on the lines of management quiz in and around our college. This put the students to test their logical thinking skills. Objective of the Practice: 1. To give the students an opportunity to assess their managerial aptitude ability before enrolling for the actual management entrance tests 2. To train them for the Group Discussions, giving them relevant advise on what, how and how much to talk. 3. To train them for Management Personal Interviews

#### 7.3 - Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The institution was established with a vision to facilitate emancipation of women from the minority and weaker communities through higher education. Through the years, the College has adopted and implemented various measures to cater to the changing needs of young women in this respect. The college had organized Value Education seminars, gender sensitization workshops and physical education classes and a psychological counselling cell on the one hand, and on the other, has an active Career Counselling Cell and offers Diploma and certificate Courses outside the university curriculum in Taxation, Advertising and Computer Applications to make its students better equipped to enter the professional arena in the future. Apart from stressing on intellectual growth, physical fitness is also seen as crucial to women's development. The institution through its well equipped gymnasium, yoga classes, and karate classes ensures that this very important aspect of the growth of young women is not overlooked. Traditionally, the college has placed equal stress on academic as well as extracurricular activities. Every year, cultural competitions are organized which include competitions in debating, elocution, poster making, dance and singing in which enthusiastic and inclusive participation is encouraged. Besides, the college holds an annual cultural program , where a full fledged cultural program is put up by the students to showcase their budding talents in the arts. Good performance in any sphere is acknowledged and encouraged through the elaborate and extensive system of prizes the college has. There are prizes not only for academic performance but also for performance in other fields to encourage students to strive for excellence in

whatever they do. Women's education ultimately is not for women alone, but aims at putting women at the frontier of social change. To that end the institution has introduced various novel initiatives to increase social awareness among its students. The students are encouraged not only to think of individual development but also collective progress. NSS campaigns, Night School for less privileged children of the locality, cleaning initiatives in the nearby areas, initiatives for environmental awareness and a green and clean premises and locality are an important part of the holistic training the college imparts to its students. Tireless striving for excellence in all spheres, self respect, self sufficiency, discipline and social responsibility are the principal values the college wishes to inculcate in its students. It aspires to prepare strong, capable women who would be assets to the society and the nation, and who would further transmit these values to the future generations.
